

Reedley College is Smoke and Tobacco Free

Do employees, students, and visitors have to quit using tobacco?

No. Reedley College is not asking anyone to quit. This policy simply means that no one can use any form of tobacco or smoke products on college property.

Are there resources available to help students and employees quit smoking or cope with the transition?

Yes. The Reedley College Health Services Office offers educational material on smoking cessation and the health benefits from quitting. Additionally, referrals for counseling and ongoing support may be provided. For faculty and staff who are interested in further assistance from our Employee Assistance Program provider, you can start by visiting their website at www.halcyoneap.com, username edcare.

Reedley College is a college of the
State Center Community College District.

Reedley College complies with all federal and state rules and regulations and does not discriminate on the basis of race, color, national origin, gender, disability, sexual orientation, religion or age. This holds true for all students who are interested in participating in educational programs and/or extracurricular school activities. Harassment of any employee/student with regard to race, color, national origin, gender, disability, sexual orientation, religion or age is strictly prohibited. Limited English speaking skills will not be a barrier at Reedley College to participation in Vocational Education programs. Inquiries regarding compliance and/or grievance procedures may be directed to the college's Title IX Officer and/or the Section 504/ADA Coordinator.

CAMPUS 

Smoke and Tobacco Free Campus Guide

Reedley College is smoke and tobacco free effective November 17, 2016. This action confirms our commitment to creating a clean and safe learning environment for students, staff, volunteers and visitors.

What does it mean to be smoke and tobacco free?

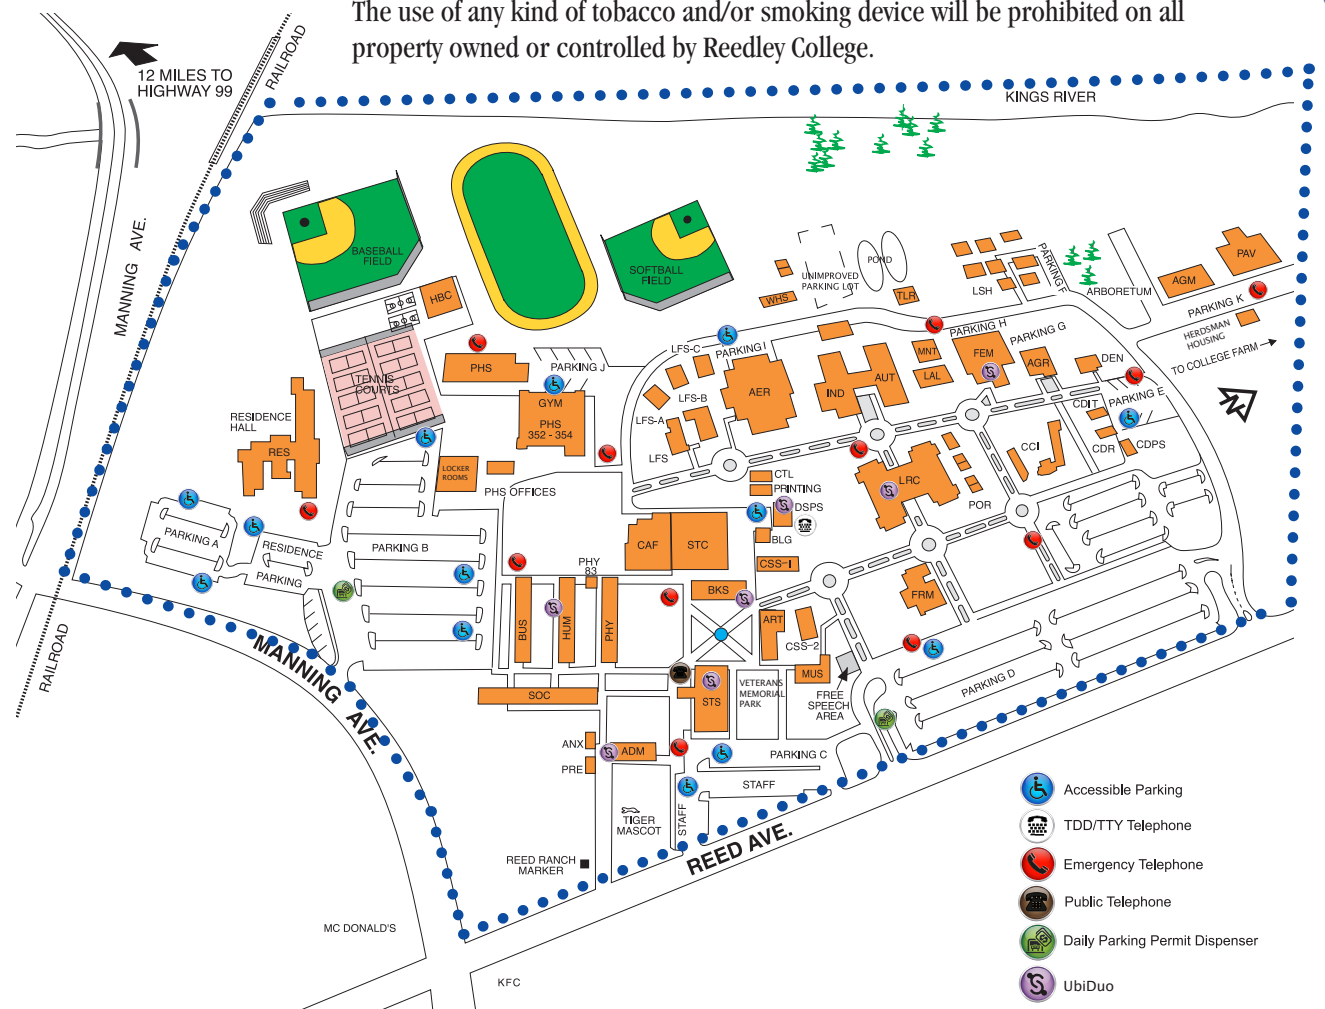

Use of all tobacco products, including cigarettes, cigars, pipes, all forms of smokeless tobacco, and electronic cigarettes are prohibited in all property owned or controlled by Reedley College. This includes: grounds and buildings, athletic areas, college vehicles, college rented vehicles, carts, parking lots and farm land. Anyone on or in control of college property is subject to the policy, including students, faculty, staff, contractors, volunteers and visitors. Successful implementation of this policy will depend on the cooperation of all faculty, staff, and students to not only abide by the policy, but also encourage others to comply in order to promote a healthy environment in which to work, study, and for some live.

Will there be designated smoking areas on campus?

No. The use of any kind of tobacco and/or smoking device will be prohibited on all property owned or controlled by Reedley College.

Does this policy apply to city owned streets, sidewalks and right-of-ways?

No. Reedley College has no jurisdiction over the use of city owned streets, sidewalks and right-of-ways. However, please note that most streets and adjacent sidewalks on the campus are controlled by Reedley College. Additionally, all Reedley College transit stops are smoke and tobacco free.

The use of any kind of tobacco and/or smoking device will be prohibited on all property owned or controlled by Reedley College.

Can I smoke in my car?

Yes, your car is your personal property. Smoking is allowed in personal vehicles only if the windows are completely rolled up. It is, however, preferred that you do not smoke anywhere on campus. You can drive off campus if you choose to smoke. Smoking is prohibited in any vehicle owned, rented or leased by Reedley College.

What about our college neighbors?

Reedley College asks that our students, faculty, staff,

volunteers and visitors help maintain a positive relationship with our neighbors that border our campuses. We encourage respect of other's property by not littering and not congregating in areas to smoke, thus creating smoke clouds that others must walk through. In addition, it will be critical for smokers to dispose of their tobacco products safely to avoid fire or other hazards. Until further notice, the only locations that we will offer ash receptacles will be upon entry into the campuses.
