Engineering

Engineering Flow Chart

What is Engineering

Engineers apply the concepts of science and mathematics toward designing and building useful products for society. A few of the major fields of engineering include:

- ✓ Mechanical
- ✓ Electrical/Computer
- ✓ Chemical
- ✓ Civil
- ✓ Aerospace
- ✓ Materials

A Rewarding Career

Engineers are always in high demand by employers. Currently, there are not enough graduating engineers to fill the available jobs. Hence, many students have several job offers from which to choose. Starting salaries for engineering graduates usually range between \$50,000 to \$60,000.

The Reedley College Advantage

The Reedley College faculty is focused on teaching and is truly devoted to students. In addition, the cost of starting an engineering education at Reedley College is much less than that of a four-year institution.

The First Step

Reedley College offers a program in which students can finish their coursework in mathematics, physics, chemistry, and general electives before transferring to a four-year institution. Reedley College has solid articulation agreements with:

- ✓ California State University, Fresno
- ✓ California Polytechnic State University, San Luis Obispo
- ✓ University of California, Davis
- ✓ University of California, Merced

Articulation agreements exist with many other universities as well.
