good
Yes she help me when I need help, she is a nice person. When she is the class she alway help me. Words o verbs.

She help me when I need help with some words or verbs in the past or present tense.
it's very helpful because at times the professor can't help every student individually so with this tutor I was able to get the help I needed.
It is convenient and accessible if a student is not able to see the tutor outside of class.
helps keep the flow of lecture on going. And then the little help that I receive helps a lot and afterwards I understand what I'm suppose to do.
helps when you get a little behind or need help with something, the teacher doesn't have to stop the class just to catch you up while the rest of the students wait. Good for students who are shy or have anxiety and don't want to stop the teacher and ask for help because of that reason. The tutor can help privately and quietly.
I believe that having an embedded tutor is that when the teacher is busy there is someone else to help when she cannot.
If we are a few steps behind, I can easily catch up if I didn't hear the step we are supposed to do.
Having an embedded tutor in class is very helpful because we have someone on hand and ready to help us when the teacher is busy, or lecturing on something important for those who don't catch everything easily.
She helped us when we were stuck on a module, and when our teacher was busy assisting other students. She was a awesome tutor!
she helped out a lot when i did not get something my teacher was with other students she was a really big help.
good
Helpful in keeping the lecture going while also getting the added help that is needed
Having an embedded tutor in class helps me learn ASL a lot quicker, since there is extra help. It allows more one on one which has helped me develop the knowledge I need to understand the class
It's good having a tutor because he helps us out when the teacher is busy with another student. He was a great help I really enjoyed having him in our class
Having a tutor is a great idea because he/she help us a lot.
This service is amazing because it help me alot with my homework
It's would benefit us on a daily bases and help us get better grades
It was great having someone who was actually deaf and knew asl fluently and could answer any question that I had about signs or the culture.
It was beneficial to me to have a tutor in my ASL class because when the teacher was helping another student they were available to help me.
It made it a lot easier & more realistic basically an eye opener to be able to communicate with a Deaf person.
It helps me study and go over something I don't understand.
Having an embedded tutor in class is really helpful because if the teacher is not able to help, you can also get help from the tutor
When we didn't know some signs Nari would help us out. Without him we wouldn't be able to know some of the things we have learned
Nari was an amazing help this class period. He was always available to help people out regardless of the day.
It's nice to have someone in class who is always there to help and knows everything that we need to know
He is always showing us the proper usage of signs when we dont know how to sign something

The benefits of this class was he tutor he helped us a lot in signing and being comfortable with our signing
It honestly made the class a bit more easier being able to get help from someone when the teacher was busy.
Having the tutor in class helped give everyone more one on one attention.
Considering the class uses a visual language, having more than one person helping out was very helpful
You are able to ask questions right away.
It was very helpful to have extra hands on tutoring to really help me understand everything
It was great having a tutor in class because if the instructor was busy he was always there to help and made sure the material was understood.
He can answer questions that the book cannot and when the teacher is busy
very good
I really appreciate having the tutor in class because I'm very busy. I don't have time to go see him out side of clas, so it give me the oppportunity to get help when I need it. Plus It helps having 2 people for helping when multiple people need help.
its very helpful to have a nari part of the class to be confident to understand and learn ASL.
It let me have a different teaching perspective because our tutor was very active in class. He participated in our classroom activities, and was able to explain topics in further detail if needed. He's an amazing tutor and look forward to seeing him next semester.
He was very helpful in the process of learning. He helps boost confidence even when we needed extra help.
It's nice to have a tutor in class for when the instructor is busy with another student.
It was helpful to have another person that could help answer questions and explain things
I like it I think it's helps me understand it much better. When our teacher is busy he will jump in and help.
Having a tutor who knows the material VERY well is great to have in the class and is VERY useful when your stuck on a word or a sentence.
Nari has been a great tutor throughout this semester, he has really helped me to more fully understand ASL and he makes the environment warm and welcoming.
I have more understanding of some topics
Yes, the tutor was very helpful because she help me when I not understand something. and this tutor was very responsible an she is a good person.
I receive an excellent help for tutor center and all the tutors are very friendly with me and they help me a lot in all I need or I ask for my ESL classes.
great
good help
It helps me to understand better some situations I don't understand and also helps me to correct my grammar and put better ideas in my work.
the benefits of having an embedded tutor in class is that they can help us to understand better to how do an assignment.
It was helpful having an extra person to pair up with students during speaking activities, as we had an odd number in my class.

<p>Having a tutor in class was exceptionally beneficial. When i would struggle with a certain topic and didnt want to keep the class waiting on the lesson I would recieve help on the side from the inclass tutor</p>
<p>Yes i feel help by Nari he did a very good job helping my on my studies.</p>
<p>It's great having a tutor come to class because not everyone can always find time to go to a tutor if they need help outside of class. It's amazing having that extra help IN class. I know I have really benefitted from having a tutor in my ASL. It's more practice</p>
<ul style="list-style-type: none"> •He taught us the material that was needed, making sure we all understood before he moved onto the next part. •He also informed us many times when he had extra tutoring time for us. •He asl helped out the teacher in class when he needed to help us with a certain sign and the teacher was busy with another student.
<p>Narri helped me in my ASL class, showing me signs and correcting me when I was wrong. He allowed me to experience on hand help to improve.</p>
<p>Its a good thing cause if the instructor can't get to you or help you out the tutor can help.</p>
<p>It was great to have Nari come into class to help us with our signs. The teacher has to many students to focus on each one individually so he would help so much and what better tutor than one that asl is on his nature. Great help to have a tutor in class</p>
<p>The benefits of having a an embedded tutor is that they will help you in any way they can and will try as hard as they can to make you understand and that's what he/she did this semester.</p>
<p>Since I'm not able to go to the tutoring seccisions its easier to get help in class</p>
<p>It was helpful and allowed us students to recieve help when our instructor may not be available.</p>
<p>It is really helpful because he is there when I need help on my test or class work . It is use to understand the course when I get help .</p>

<p>Helps us understand things when signing in class.</p>
<p>Having an embedded tutor in class is helpful because he walk around and if have any questions he would help you.</p>
<p>Having an embedded tutorer provides so much help for students struggling with new material. Seeing the tutor come into the classroom while you are struggling give a feeling of relief I've never had while struggling in school.</p>
<p>Because he is deaf himself, it give us the chance to practice with him in a realistic controlled way.</p>
<p>A benefit of having an embedded tutor in the class is that students are able to get help in a more efficient way because instead of having just the one teacher in the class, there is another person that can help with questions while the teacher is busy.</p>
<p>This tutor helps me to understand my signs better. He is a great person to be around because it makes me more comfortable being around a deaf student. Nari is the best!</p>
<p>They were very helpful, and helped better understand the material that was presented in class.</p>
<p>They help a lot with making sure I'm understanding the material and I feel more comfortable goi</p>
<p>G to get help outside of class because I know the tutor and know that I can get help from them</p>

Narri was great help. He was able to help me with the signs I did not know whenever I needed the help. Excellent tutor!
It helps the students understand ASL better because when we dont know a sign we get help from the tutor.
Helps the instructor focus on everyone who needs help. Pushes and motivates those who are nervous and or afraid of completeing.
He is very helpful when it comes to understanding ASL.
Having the ASL tutor come to class was incredibly helpful because I couldn't make it to the set tutor times. He was always willing to stay a couple minutes after class to help with any signs that were needed.
This is Rebecca. :D Rachel has done an awesome job helping me in my reading class. Thanks!
The benefit of having a tutor in class is that they will help students to improve their witting or reading in class.
The tutor helps us to improve our essays and writing skills.
She explained how to do in the best way my assignment.
