

INFORMATION SYSTEMS - NETWORK & SECURITY

Business

- Certificate of Achievement in Networking and Security
- Certificate of Achievement in Information Systems Tech Support

The purpose of this program is to provide students with the knowledge, training, and hands-on experience to pursue a career as a networking technician. Students completing this course of study will possess a fundamental understanding of computer networks and be able to enter the workforce as a technician in business, government, or education. These courses apply toward the Associate in Science Degree in Information Systems.

Program Contact: Jason Boyer • Program Counselor: Steve Jones
