COMMENCEMENT CEREMONY

May 13, 2023

CHANCELLOR'S MESSAGE

"We are all concerned about the future of American education. But as I tell my students, you do not enter the future - you create the future. The future is created through hard work." — Jaime Escalante

As Chancellor of the State Center Community College District, I am honored to congratulate you, and the Reedley College Class of 2023, on your commencement!

As you reap the rewards of your hard work, you do so by having experienced a global pandemic, increasing economic turmoil and perhaps even some personal setbacks that may have left you wondering whether the efforts were worth it. Well, I believe they were!

I join our faculty and administration, along with your family and friends, in celebrating your achievement. Today is about you – your hard work, commitment, sacrifices and most importantly, your determination. It is about success; about reaching a goal.

Remember, success is rarely achieved alone. As the saying goes, "It takes a village." Somewhere along your academic journey you had a professor, a mentor, a friend, or a family member, who believed in you and whose support was invaluable. We believe in you!

So, before today is over, take a moment to reflect on all of those who helped you over the last few years. If you can, give them your thanks. For they are celebrating with you.

The definition of "commencement" is a beginning or start. For some, today may mark the end of your formal educational journey but the beginning of something new – a new job, a new city, a new adventure. For others, perhaps this is a mid-point as you transfer to a four-year university. The start of a new phase of your higher education life.

Whichever path you choose, it is our collective hope that your educational experience at Reedley College has provided a strong foundation for life. This foundation along with your personal values will serve you well in the future as you face challenges and embrace opportunities. Meet both head on, with that Reedley College Tiger spirit. We need you to go out and make our community, our state, and our world, a better place.

Congratulations from the bottom of my heart. We are proud to have you as an alumnus of Reedley College. "Go Tigers!"

DR. CAROLE GOLDSMITH
Chancellor, State Center Community College District

PRESIDENT'S MESSAGE

As you receive your certificate or degree today, please reflect on the rich history of the college from which you are graduating...Reedley College, established in 1926, has been known for its agricultural education programs for nearly 100 years. We currently offer over 67 areas of study, many of which are unique within California. Reedley's Agriculture program is still consistently ranked #1 in the state, and our Natural Resources program represents the only accredited 2-year forestry program in California, while our Wildland Fire program is helping to expand the number of trained personnel available in fuels and forest management. Our Flight Science and Aviation Maintenance programs both support the growing need for professionals in commercial aviation, while our Industrial Maintenance and Mechanical Agriculture programs provide an essential workforce critical to our local farmers and packing houses. Reedley also offers education and training within many STEM careers, including the life sciences and healthcare pathways, as well as careers in the social sciences, languages, and art. As part of the Fresno K-16 collaborative, Reedley College has partnered with our other State Center colleges, Fresno State and UC Merced, to offer aligned educational pathways in Engineering, Education, and Business to accelerate achievement of four-year degrees in these disciplines.

At Reedley College, we believe that education creates an opportunity for both economic and social mobility, and that achieving a certificate or degree allows you to not only earn a living wage for both you and your family, but also prepares you to participate in a global economy and culture. As technology continues to advance, we must, as a community, embrace change and prepare our students to communicate effectively, think critically, and be able to participate in a world-wide economy.

As you participate in today's right of passage, each of you should take time to celebrate your accomplishments, as we celebrate them with you. As you reflect on your experiences here at Reedley, I hope that you will remember that diversity is a strength that's important to our classrooms, our communities, and our country because we need to celebrate the diversity of language, culture, and ideas in order to build a stronger more resilient society, one that defines the world around us, one where we do not fear difference and change, rather embrace it to meet the challenges of the world around us. Your education and success today is the result of your adaptability to new ideas and new ways of thinking about life, society and our world...and that adaptability is your survival skill for our world today.

My hope for all our graduates is that each of you will be able to utilize both the skills and discipline knowledge you have mastered at Reedley, along with your tenacity, creativity and innovation to thrive in an ever-changing world... to achieve a job, start a business, or enter a career... and that each of you begins to see the world as described by John F. Kennedy, where, "...in the final analysis, our most basic common link is that we all inhabit this small planet. We all breathe the same air. We all cherish our children's future."

For you, as our cherished graduates, I also hope that you are also able to apply a philosophy for life described by Steve Jobs, creator of Apple Computers, "Your work is going to fill a large part of your life, and the only way to be truly satisfied is to do what you believe is great work. And the only way to do great work is to love what you do. If you haven't found it yet, keep looking. Don't settle. As with all matters of the heart, you'll know when you find it. And, like any great relationship, it just gets better and better as the years roll on...so keep looking until you find it. Don't settle."

"Your time is limited, so don't waste it living someone else's life. Don't be trapped by dogma — which is living with the results of other people's thinking. Don't let the noise of others' opinions drown out your own inner voice. And most important, have the courage to follow your heart and intuition. They somehow already know what you truly want to become."

Finally, I share with you a recommendation recorded two thousand years ago by Emperor Marcus Aurelius, "...live each day as if it were your last, without frenzy, without apathy, without pretense." And so I say to each of you today, celebrate today's accomplishments, live life to its fullest, but also make a difference in someone else's life, as well as your own... and make us proud!

Go Tigers!

DR. JERRY L. BUCKLEY
Reedley College President

MENSAJE DEL PRESIDENTE

Ahora que recibes tu certificado o diploma, por favor reflexiona en la historia del Colegio de Reedley, de dónde te estás graduando. El colegio fue establecido en el año mil novecientos veintiséis, y es conocido por los programas de Educación en Agricultura por casi cien años. Ofrecemos más de sesenta y siete áreas de estudio, muchas de las cuales son únicas en California. El programa de Agricultura es todavía consecuentemente clasificado el número uno en el estado, y el programa de Recursos Naturales representa el único programa forestal acreditado de dos años en California, mientras que el programa de Incendios Forestales está ayudando a expandir el número de personal entrenado y disponible en combustibles y manejo forestal. Nuestros programas de Ciencia de Vuelo y Mantenimiento Aeronáutico ayudan a la necesidad creciente para profesionales en aviación comercial, mientras que los programas de Mantenimiento Industrial y Agricultura Mecánica proporcionan trabajo esencial que es crítico para los trabajadores agrícolas y los empaques. Reedley, también ofrece educación y entrenamiento en carreras de Ciencia, Tecnología, Ingeniería Y Matemáticas, incluyendo, Ciencias de la Vida, Atención Médica, y carreras en ciencias sociales, lenguajes y arte. Como parte del colaborativo K-Dieciséis (K-16) de Fresno, el Colegio de Reedley se ha asociado con los otros colegios del distrito, la Universidad Estatal de Fresno y la Universidad de California en Merced para ofrecer programas educacionales en Ingeniería, Educación, y Negocios para acelerar logros de diplomas de cuatro años en estas disciplinas.

En el Colegio de Reedley nosotros creemos que la educación crea oportunidades para la movilidad económica y social, y que obtener un certificado o diploma te permite no sólo obtener un sueldo mínimo para ti y tu familia, pero también te prepara para participar en una economía global y cultural. Así como sigue la tecnología avanzando, nosotros debemos, como comunidad, aceptar cambios y preparar a nuestros estudiantes para que se comuniquen efectivamente, piensen críticamente, y puedan participar en la economía mundial.

Mientras que participas en este rito de pasaje, cada uno de ustedes se debería de tomar su tiempo para celebrar sus logros, así como nosotros los celebramos contigo. Al reflexionar de tus experiencias aquí en Reedley, yo espero que recuerdes que la diversidad es una fuerza importante en nuestros salones de clase, en nuestra comunidad, y en nuestro país porque tenemos que celebrar la diversidad del lenguaje, cultura e ideas para poder construir una sociedad más resiliente, una que defina el mundo a su alrededor, una donde no temamos la diferencia, ni el cambio, si no, una que acepte y enfrente los cambios a nuestro alrededor. Tu educación y logros de ahora son el resultado de

tu adaptabilidad para nuevas ideas y nuevas maneras de pensar acerca de la vida, la sociedad y nuestro mundo... y que esa adaptabilidad es tu habilidad de sobrevivir en nuestro mundo de hoy.

Mi esperanza para todos los graduados es que cada uno de ustedes pueda usar las habilidades y disciplina que han obtenido en Reedley, junto con su tenacidad, creatividad e innovación para tener éxito en un mundo que va cambiando, para obtener un trabajo, empezar un negocio, o comenzar una carrera...y que cada uno de ustedes comience a mirar el mundo como lo describió John F. Kennedy, donde, "...en el análisis final, nuestra conexión más básica en común es que todos habitamos en este pequeño planeta. Todos respiramos el mismo aire. Todos apreciamos el futuro de nuestros hijos."

Para ustedes, nuestros apreciados graduados, también espero que puedan aplicar la filosofía de la vida descrita por Steve Jobs, creador de computadores de Apple, "Tu trabajo llenará una porción grande de tu vida, y la única manera verdadera de estar ciertamente satisfecho es hacer lo que tú piensas que es un trabajo excepcional. Y la única manera de hacer un trabajo excepcional es amar lo que haces. Si no lo has encontrado todavía, sigue buscando. No te des por vencido. Con todos los propósitos del corazón, tú te darás cuenta cuando lo encuentres. Y como cualquiera buena relación, todo mejora y mejora cómo van pasando los años...Sigue buscando hasta que lo encuentres. No te des por vencido."

"Tu tiempo es limitado, así que no lo gastes viviendo la vida de otro. No te dejes atrapar por el dogma – lo que significa vivir con los resultados de los pensamientos de otras personas. No dejes que el ruido de opiniones de otros ahogue tu propia voz interior. Y lo más importante, ten la valentía para seguir tu corazón y tu intuición. Ellos, de alguna manera, ya saben lo que tú en realidad quieres ser."

Finalmente, te comparto una recomendación registrada hace dos mil años por el emperador Marcus Aurelius, "... Vive cada día como si fuera el último, sin perder control, sin apatía, sin pretensión." Y por eso, les digo ahora a cada uno de ustedes, celebra los logros de hoy, vive la vida al máximo, pero también haz una diferencia en la vida de alguien más, al igual que en tu vida... y también ¡haznos orgullosos de ti!

¡Vamos Tigres!

RECESSIONAL

DISTINGUISHED ALUMNUS AWARD

STEPHEN KODUR

Stephen Kodur graduated from Reedley College in 2020 with degrees in Communication, Political Science, Kinesiology, and Business Administration. During his time with Reedley College, he faced numerous challenges which led him to a life of student leadership and advocacy.

He held roles as the State Center Community College Student Trustee and the Reedley College Student Body President during his tenure at Reedley College. This experience culminated in him becoming the first President of the Student Senate for California Community Colleges from Reedley College.

Currently on staff as the Community Organizer for the Student Senate for California Community Colleges, he engages with student leaders across the state, empowering them to find their purpose and advocate for their diverse student populations on their campuses. He is working on his organizational leadership degree at Chico State University which he plans to utilize while advocating for a more affordable and equitable student experience. He plans on using his motivational, public speaking skills to run for public office in the future. When he is not working or going to school, you can find him on the golf course or cheering on his favorite Bay Area sports teams.

STUDENT HONORS

SUMMA CUM LAUDE

This academic achievement is awarded to students who have earned a 4.0 cumulative grade point average.
